Alexandros Tokhi For Vice President

My name is Alexandros Tokhi and I am Unit Chair ^{AT DHL} for ~~Unifor Local 4050~~. I represent DHL workers in Alberta, Canada. I have been involved with the Union since September 2006 at the age of 18. My career has been extremely satisfying.

My career began as a warehouse employee, driver. However, I began to develop a strong interest for union work, since I saw areas for improvement in the workplace. After several years I transferred to international department at this time, my direct involvement with the Unifor (CAW) began, as I took on the position of shop steward. This position presented numerous personal and professional growth opportunities for me. A strong desire to improve the quality of life for workers started to emerge in me.

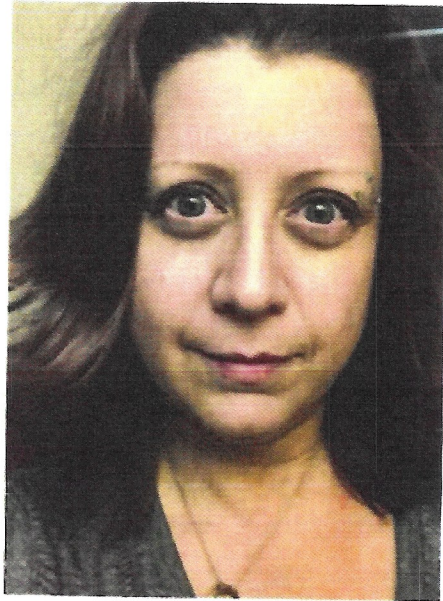

On February 11, 2012 I have been elected for full time unit chair. I have dedicated myself to union work fully. Making sure to protect ***all of the races and human rights, drives worker's rights forward, fairness, Youth involvement, equality and empowerment, security and safety, safe supportive environment, Overall equity exists.***

My mentors enabled and inspired me by instilling core values, wisdom, strength, patience, compassion and understanding, they pushed me to learn and be the best I could be on our members behalf but also to look beyond the workplace and help make changes that help society and working people as whole.

On September 2018 I have been re-elected unit chair by an overwhelming 80% vote. I have a strong commitment to empower young people and encourage them to actively participate in unions. I am a strong leader and an activist.

If you elect me as your Vice President I will work hard everyday to protect your rights in workplace.
